

GOVERNMENT CHANDULAL CHANDRAKAR ARTS AND SCIENCE COLLEGE PATAN, DURG**REPORT OF THE EVENT**

Program Name- BLOOD DONATION CAMP

Date 23.08.2022

SN	POINTS	PROGRAM DETAILS
1	Name of the Program*	BLOOD DONATION CAMP
2	Date of the Program*	23.08.2022
3	Organized by*	NSS
4	Help by	Community Health Center Swami Atmanand Hospital Patan
5	Summary of the Program*	<p>What is blood donation?</p> <p>A blood donation occurs when a person voluntarily has blood drawn and used for transfusions and/or made into biopharmaceutical medications by a process called fractionation (separation of whole blood components). Donation may be of whole blood, or of specific components directly (apheresis). Blood banks often participate in the collection process as well as the procedures that follow it.</p> <p>Blood donation details:</p> <p>Today in the developed world, most blood donors are unpaid volunteers who donate blood for a community supply. In some countries, established supplies are limited and donors usually give blood when family or friends need a transfusion (directed donation). Many donors donate for several reasons, such as a form of charity, general awareness regarding the demand for blood, increased confidence in oneself, helping a personal friend or relative, and social pressure. Despite the many reasons that people donate, not enough potential donors actively donate. However, this is reversed during disasters when blood donations increase, often creating an excess supply that will have to be later discarded. In countries that allow paid donation some people are paid, and in some cases there are incentives other than money such as paid time off from work. People can also have blood drawn for their own future use (autologous donation). Donating is relatively safe, but some donors have bruising where the needle is inserted or may feel faint.</p> <p>Link: https://en.wikipedia.org/wiki/Blood_donation</p> <p>In our college-</p> <p>In our college, a blood donation camp organized with the help of NSS unit. The community health centre helped to organize this camp. Chandrashekhar Dewangan, Jayendra Shrivastava, Umashankar Nirmalkar etc. helped this activity. NSS volunteers, students of the donated blood.</p>
