6	Summary of the	➤ India rolled out the world's largest vaccination drive on 16
	Program*	January 2021 to vaccinate around 300 million priority groups against the coronavirus disease (COVID-19). COVID-19 vaccines will be administered at 3,006 sites in all its states and union territories. Among the first to be vaccinated are 10 million health-workers who are at high risk of exposure to the Severe Acute Respiratory Syndrome Coronavirus 2 (SARS-CoV2) that causes COVID-19. COVID-19 vaccination helped save lives, stabilize health systems and drive economic recovery, but COVID-appropriate social behaviours and core public health measures—detect, test, trace, isolate and treat — will have to continue till vaccines are freely available and the pandemic is over. https://www.who.int/india/news/feature-stories/detail/india-rolls-out-the-world-s-largest-covid-19-vaccination-drive In this line our college helped in covid-19 vaccination drive campaign. On date 30.12.2022 the Community Health Centre team came to college and vaccinated our 32 students. Before this drive, some vaccination programmes were organized previously. All the NSS volunteers including Program officer help the administration to vaccination program.
