12	Brief Report of the Program:	National Pollution Control Day 2023, commemorates the tragic Bhopal Gas incident in 1984. National Pollution

National Pollution Control Day 2023, commemorates the tragic Bhopal Gas incident in 1984. National Pollution Control Day 2023, observed on December 2, commemorates the tragic Bhopal Gas incident in 1984.

The theme for National Pollution Day 2023 is "Sustainable Development for a Clean and Healthy Planet." This theme emphasizes the importance of protecting our earth from pollution and giving our generation a clean and healthy environment.

A few examples of good slogans can be: Eradicate Pollution, Save the Environment. Think Green, Be Green. Stop Polluting. Be a part of the solution, not part of the pollution.

On the program organized by the department of Chemistry, 08 student put their views about pollution control and pollutants. Every year our student do the program under the *Swachh Bharat Abhiyan* as a social awareness program among students and villagers.

Today the Chief Guest Principal Dr. Shobha Srivastava and Sri Praveen Jain also addressed students.
